

Hello Parents/Guardians,

As of September 1, 2020, childcare programs may return to maximum group sizes as set out under the Child Care & Early Years Act. All childcare settings must operate with enhanced health & safety measures in place. With this change in operation, childcare centres are mandated to keep records of daily health screens. You will be required to complete this daily health screen each day **prior** to your child's arrival. You will be required to complete a screen for each child. CDSSAB recommends that you keep this link easily accessible. [DAILY HEALTH SCREEN](#)

To complete the health screen, please follow the directions below:

1. Click on this link for the online health screen: <https://forms.gle/hafZ3uByDXebzRveA>
Alternatively, you may scan this QR code with your phone's camera as well.

2. Accept the acknowledgment that you are completing this screen with accurate and truthful information.

Acknowledgement/Reconnaissance *

I acknowledge that the following information is truthful and accurate to the best of my knowledge.

I acknowledge / Je reconnais

Next

Please note that this measure is in place in order to protect the health & safety of the children and childcare staff / provider of the centre.

3. Answer each question accordingly.

If you answer 'Yes' to any of the screening questions, you will get a screen showing that you have failed the screen. Please press **submit** and contact your childcare provider to inform them that you have failed the screen.

Click "Submit" Button below
Please confirm this screening by clicking on the 'Submit' button below.
This will allow your child care centre to receive your screening result.

Back Submit

4. Once you have answered all the questions, you will get a message that indicates you have passed the daily health screen. Press **submit** to complete the health screen.

PASSED Health Screening

Click "Submit" Button to Complete Screening
Complete the health screening by clicking on the "Submit" button below.
This will provide your child care provider with your screening result.

Back Submit

Your child can now enter the childcare centre.

Before/After School: If you are completing the health screen for your child that is attending school but will be attending an after school program, you must complete the screen on your best knowledge of how your child was prior to leaving for school. If your child is sent home during the school day after you have completed the screen, you must inform the childcare centre that your child will not be attending. If you do not complete the screen prior to attending the before & after school program, your child will not be allowed to attend. This is mandated by the Ministry of Education and a licensing requirement.
